

NZASINGIZIMANA JEAN BONHEUR

Software Developer | IT Support Specialist
+250 791 467 695 | leatusbonheur@gmail.com | Kigali, Rwanda

PROFESSIONAL PROFILE

Year 2 Information Technology student and software developer with hands-on experience building functional, real-world applications from a full business management system in Excel to a multi-language web platform. Comfortable across Python, PHP, and JavaScript, with a solid grounding in networking fundamentals and IT support gained through direct consulting experience. A builder at heart: motivated by solving practical problems with code rather than just studying theory.

SKILLS & COMPETENCIES

Technical

- Programming: Python, PHP, JavaScript
- Excel: advanced formulas, dashboards & automation
- Networking: TCP/IP, OSI model, subnetting, routing
- Cisco IOS fundamentals
- EBM (Electronic Billing Machine) operation

Professional

- IT support & troubleshooting
- Data entry & management
- Problem-solving & fast learning
- Teamwork & communication

WORK EXPERIENCE

IT Consultant *Radiant Company (Insurance), Kigali, Rwanda* Feb 2025 up to Sep 2025

- Provided IT support and consultancy services for an insurance services company
- Handled system operation, data management, and technical troubleshooting for day-to-day operations
- Supported staff with software tools, helping maintain smooth and reliable IT operations

PROJECTS

Ndaje Public Bus Ticket Booking Web App — *Personal Project* Python, PHP, JavaScript

- Built a web application designed to let users book public bus tickets across Rwanda online
- Handled both backend logic and frontend interface across Python, PHP, and JavaScript
- Project paused pending institutional/operator support for real-world deployment

Shop Management System (Excel) *Family Retail/Electronics Business*

- Designed a full business management system with linked Dashboard, Sales, Invoices, Inventory, Expenses, and Customers sheets
- Built automated, cross-linked formulas to keep stock, sales, and expense data in sync in real time
- Delivered a Kinyarwanda-translated user guide so non-technical staff could operate it independently

EDUCATION

Bachelor's Degree Information Technology (In Progress) *RP Musanze College, Musanze, Rwanda* Year 2 Current

Diploma Software Development *Apeki Tumba TSS, Rwanda* Completed August 2024

LANGUAGES

Kinyarwanda: Native **English:** Fluent **French:** Basic
